Exchanging Replacement Eyes

This model comes packaged with two sets of replacement eyes (one pair of brown eyes and one pair of green eyes). To change the color of the model’s eyes, exchange the replacement eyes according to the following instructions.

Removal

1. Drip several drops of water into the eye.
2. Use both hands to gently open the eyelid. *Be careful, as applying too much force could rupture the skin.
3. Insert your thumb beneath the eye and push it up and out of the socket.

Installation

1. Wet the eye.
2. Insert the eye from the upper eyelid side.
3. Use a piece of tissue paper to wipe away any water.
